

Small Wind Installer's Apprentice Workshop

When: Monday June 18th through Saturday, June 23rd, 2007

Where: Harwich, MA: Classes will be at Cape Cod Regional Technical High School. Installation will be at nearby residence.

- This hands-on workshop is for Renewable Energy Practitioners, Electricians, Homeowners, Businessowners, and others interested in small wind technology.
- Participants in this workshop will install a Tulipo™ 2.5 kilowatt residential scale, grid-tied wind turbine on a tilt-up, monopole tower. You will be part of a complete installation, from siting to interconnection with the grid.
- Topics include: small wind technology, wind system components, site analysis techniques, system sizing, installation techniques & requirements
